**Pre Buy Price Protection** - This plan allows you to purchase your fuel oil, propane or K-1 for the upcoming heating season ahead of time. Don't worry about fluctuations in the energy market. **You will know the exact price you paid for the year**, and you will never have to worry about running out of product.

**Budget Price Protection** - With our Budget Price Protection Plan, we'll divide your fixed-price bill for fuel oil or propane over a **10-month payment schedule**.

**Downside Protection Option** - We offer this option with our **Pre Buy Plan** for an additional fee and for **Budget Protection Plan** customers, the Downside Protection Option is bundled/included with the plan. When we fill up your tank, we will charge you the lowest price, either the Pre-Buy/Budget price or our daily market price, whichever is the lowest. **Our Downside Protection Option is only available for heating oil and K-1 (kerosene).**
